Description

Bw Vivant is a glamorous sans serif font family. It marries the visual appeal of deeply modulated serif typefaces with a minimal geometric approach, discarding any accessory element on the hunt for the cleanest shapes.

The result is a high contrast sans serif exuding elegance and glamour across every touchpoint, with subtle art-deco and classic cues coming through while feeling contemporary.

Available in 7 weights with the “thins” staying constant throughout, Bw Vivant supports all European Latin languages and it includes OpenType features like many discretionary ligatures, stylistic sets, old style figures or case sensitive forms among others.

It comes with a manicure by Spanish illustrator David Tapia.

All our font families can be licensed under the exclusive Branding with Type all-in-one license. A free trial license is also available for testing purposes.
